*What is your favourite mean of transport?* | *My favourite mean of transport is car, because I can stop anywhere and whenever I want.  
I like travelling by train, because it is comfortable and fast.*

*What are the disadvantages of travelling by plane?* | *The biggest disadvantage of travelling by plane is that we have to be at the airport two hours before the flight. What's more, planes are often delayed and we have to book flights in advance.*

*What are the disadvantages of travelling by train?* | *Trains are often delayed or cancelled. What's more, train tickets are often expensive.*

*What are the advantages of travelling by plane?* | *Plane is the fastest and the safest mean of transport.  
It's the most suitable mean of transport for a long distance.*

*What do you think should be done to reduce the number of cars in city centres?* | *City councils should increase the number of buses and underground trains. They could also place more "no entry" signs for cars in the city centres and they should promote bikes.*

*How do you think travelling will change in the future?* | *I think that means of transport will be more eco-friendly. Travelling will also be safer and faster.  
In my opinion, means of transport will be autonomous.*
